

ANCIENT WISDOM MODERN HEALING

5-Day Intensive Training on Ethnoveterinary Medicine (EVM) & Organic Livestock Certification

"A healthy animal is the farmer's true wealth"

**April 13–17, 2026
Zaheerabad, Telangana**

Returning to Our Roots

In the race for productivity, we forgot the "**Living Pharmacy**" in our backyards. Today, antibiotic resistance is a global threat.

At Grameen Academy

we are returning to our roots—not to step backward, but to move forward with science-backed traditional healing.

*Nature has a cure for every ailment,
we only need the eyes to see it.*

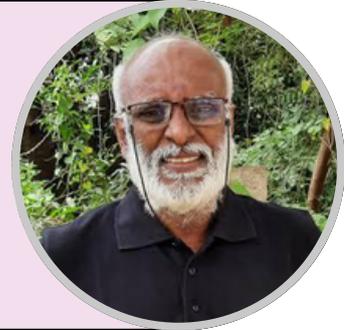

Meet the Experts

Padma Shri

Dr. Pooniyamurthy Natesan

Emeritus Professor at TDU (Ethno-Veterinary Science & Practice), on receiving one of India's highest civilian honours.
